

Design Patent No. 327572

STAY SAFE SILO LID OPENERS

Our silo lid openers allow your silo to be opened from the safety of the ground. No more climbing ladders and balancing on the top to gain access to the silo.

Each silo lid opener kit comes with everything you need to install your lid opener. Electroplated to ensure longevity. Spring loaded so the lid will close and stay closed until the handle is pulled from the ground to open.

SILO LEVEL WINDOWS ALSO AVAILABLE
